Section 4: Matters for Discussion

4.1 Membership Status and Future Advertising/Events

So far this year, we have 32 members across the Programming Club's 4 membership type as 27 annual students, 4 annual associates and 1 extended associate. This is already higher than last year but still a massive drop compared to 2023 where we had 100 members.

4.2 TUSA/ATO Tax Changes

Since late 2024, we have been repeatedly told by TUSA that the Programming Club's ABN would be cancelled shortly as a result of ATO tax reporting changes for non for profits but the ATO still has not done this. We have prevously discussed the dificult position it puts us in as we try to resolve possible legal issues with our projects, however we now also have an expiring business domain to consider.

4.3 Netbank Address

We recieved an email from TUSA last year that our paper statements are going to the wrong address and so must be corrected. We made an effort to correct this after last year's AGM but it is not clear if we succeeded. If not, this must be addressed as part of changing our bank signatories after re-affiliation with TUSA.

4.4 Updated 2025 AGM Consitution Amedments **Appendix D**

Some of the approved amendments for the Programming Club constitution from the 2025 AGM had formatting issues and differences from agreed intentions preventing their applications to the constitution. A vote is required to approve either the existing corrections or a modified version of them.

4.5 Constitution Amendments **Appendix E**

The 2025-2026 Committee has prepared a number of possible amendments for the Programming Club constitution that we now need to vote on.

Below is a short description of each:

4.5.1 Address Change

The Programming Club has been requested by TUSA to change the address listed in it's constitution. As this is dependent on one of the amendments from the 2025 AGM to fix the formatting, there are two versions of this amendment included to account for the above decision.

4.5.2 Membership Details Wording

As part of planning other amendments, we often spot unclear wording or incorrect grammar in other parts of our constitution. This time we found that the definition of the student membership is poorly written and that the defintion for the associate membership is in the wrong tense.

4.5.3 Junior Membership

The Programming Club has been talking about re-enstating it's junior membership options and as such we have been in discussion with TUSA about the amount of extra work required by the committee and what TUSA innately covers in matters involving minors.

4.5.4 Legal Officer

The legal officer committee role was created at the 2025 AGm due to legal issues faced by the Programming Club but since it's inception the role has yet to be filled and we have been advised against having students fill legal roles, and therefore the Programming Club is planning to remove it.

4.6 Committee Structure **Appendix F**

At general meetings we have the option to revise the position descriptions for executive and regular offices. The descriptions we agreed on at the last AGM have been included for reference.

4.7 Office Elections

We have received a single nomination from Liam Kearney for a General Member Office, but as always, members present during the meeting may nominate themselves for a role in the committee. Additionally we received notices from Thomas (Taylor) Storey and Md Rifat Bin Yusuf saying they are stepping down.

Note that multiple people running for the same position is fine as we can have a vote.

4.8 Bank Signatories

If new any new executive officers are elected, then they are required to act as bank signatories for the Programming Club's bank account.

4.9 Committee Handover

If any new officers are elected, the outgoing committee is to start transferring assets to the incoming committee and inform them about practices/traditions as soon as possible. This process must be completed within four (4) weeks, at which point the incoming committee gain their new offices but they may be decide to take over sooner if desired.

Section 5: Matters for Noting

5.1 President's Report

Nil.

5.2 Treasurer's Report

As a part of re-affiliation, TUSA would now like banking records for a calendar year instead of committee year. During the 2025 AGM we approved the records for the period between the 2024 and 2025 AGMs which leaves the short period between then and the end of 2025.

Overview for 14th October 2025 (after AGM) till 31st December 2025

Income:	$1,401.10
Expenses:	$162.88
Final Outcome:	$1,238.22
Initial bank balance:	$1,261.78
Final bank balance:	$2,500.00
Bank balance difference:	$1,238.22

Full report: [redacted]

This was an unexpectedly high income period for us with having our highest account balance ever. Since we are non for profit, we should perhaps start thinking about how to use this to aid our members. Note that we have already paid back some committee members for money spent on behalf of the Programming Club and have a few more in the new future which all cut into this but we still have more than enough to use.

5.3 Subcommittee and Other Reports (if applicable)

Nil.

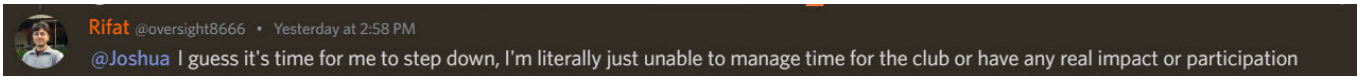
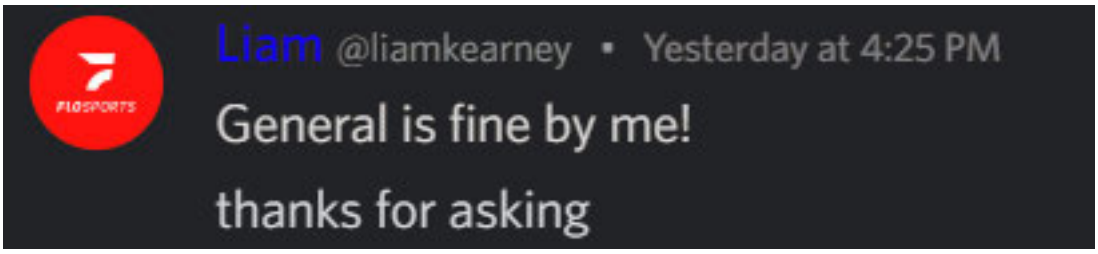
Md Rifat Bin Yusuf — 20260327 — Office Resignation
Received via Discord



I guess it's time for me to step down, I'm literally just unable to manage time for the club or have any real impact or participation

Liam Kearney — 20260327 — Office Nomination
Received via Discord



General is fine by me!
Thanks for asking.

Thomas (Taylor) Storey — 20260328 — Office Resignation
Received via SMS

Hi Cam, I think I'm so busy this year I'm not going to be able to contribute much to the committee anyway, so I think I won't stay on it.

Appendix C: Outward Correspondence

[redacted]

Appendix D: 2025 Consitutional Amendment Corrections

1. Amendment 1′s final reading disagrees with it's altered form, the format used is sourced from https://www.tusa.org.au/wp-content/uploads/2021/02/Factsheet-role-of-secretary-TUSA.pdf which uses the altered form format.
2. Amendment 3′s altering of Subrule 11.2.2 includes a final "and" that is grammatically incorrect and so should be removed.
3. Amendment 4′s altering of Subrule 11.2.2 includes an initial "such officers" that is grammatically incorrect and so should be removed.
4. Amendment 4′s introduction of Rule 20.5 includes "The ballot for the temporarily filling of executive and regular offices" but this was discussed to mean "The ballot for the temporarily filling of regular offices" since filling was determined to mean filling an office with no officer and this was intended for general members to fill regular offices.
5. Amendment 4′s introduction of Rule 20.5 includes "the temporary replacement of executive officers" but this was discussed to mean "the temporary replacement of executive and regular officers" since replacement was determined to mean replacing an already elected officer as this was intended for general members to replace regular officers and for regular officers to replace executive officers.
6. Amendment 4′s introduction of Rules 20.6, 20.7, and 20.8 have incorrect rule numbering within their bodies and so the numbering used in the titles of each introduction should be used.
7. Amendment 3 and 4′s final readings for Rule 11.2 disagree and were both approved so a combination of both should be used. Additionally Amendment 4′s final reading of Subrule 11.2.3 does not account for the altered part which was moved to Rule 20.8 and so should include it.
8. Amendment 4′s final reading of Rule 20.8 is a copy of the unmodified copy of Subrule 11.2.3 instead of the indented content and so should be modified to include it.

Rule 4.8 altered by omitting "student and associate" and inserting "student, junior, and associate".

Rule 4.9 Altered (Member activity participation)

Rule 4.9 is altered by omitting "student and associate" and inserting "student, junior, and associate".

Section 5 Addition (Junior membership fee)

Section 5 is added to by inserting "The annual membership fee payable by junior members as described in 4.0, 4.2, 4.3, and 4.6 is the following amount: $5." between Rule 5.0 and 5.1 and by inserting "The extended membership free payable by junior members as described in 4.1, 4.2, 4.4, and 4.6 is the following amount: $7.5."

Henceforth, Section 4 shall read as follows:

4.0. The Club's annual membership period will be from January 1st until December 31st in the same year.

4.1. The Club's extended membership period will be from, at the earliest, the end of the annual general meeting until December 31st in the following year.

4.2. At the Committee's discretion, the annual and extended membership periods may be extended beyond their expected period until, at the latest, the end of the week before week 1 in semester 1 of the following year, provided a new annual membership is not made available until then.

4.3. Annual memberships must be available for purchase by the beginning of week 1 in semester 1 and must not be sold after the end of the year despite potentially remaining valid by 4.2.

4.4. Extended memberships may not be sold once a new annual membership for the same year is made available despite remaining valid for at least the rest of the year.

4.5. The Club will be open to all currently enrolled students at the University of Tasmania in the full year for a given membership type who are aged 18 or older may join as a student member upon payment of the prescribed student subscription fee in Section 5.

4.6. Persons between the ages of 16 and 18 who are excluded by 4.5 may join as a junior member upon payment of the junior subscription fee in Section 5.

4.7. Persons 18 years or older who will be excluded by 4.5 may join as an associate member upon payment of the associate subscription fee in Section 5.

4.8. Upon receipt of the appropriate membership fee listed in Section 5, the Secretary must enter the applicant's name in a register of members.

4.9. All student, junior, and associate members are entitled to the same rights and privileges except where rules and regulations direct otherwise.

Amendment 3: Junior Membership

4.10. All student, junior, and associate members may participate in the Club's activities if, by doing so, they are not likely to affect

- **a.** the safety of themselves, other participants, bystanders, or the general public;
- **b.** the integrity of the Club's property; or
- **c.** the viability of the Club's activities, objectives, and purposes.

Henceforth, Section 5 shall read as follows:

5.0. The annual membership fee payable by student members as described in 4.0, 4.2, 4.3, and 4.5 is the following amount: $7.5.

5.1. The annual membership fee payable by junior members as described in 4.0, 4.2, 4.3, and 4.6 is the following amount: $5.

5.2. The annual membership fee payable by associate members as described in 4.0, 4.2, 4.3, and 4.7 is the following amount: $12.5.
